

# Important! Test Your Print Out for Correct Sizing!

Simply compare the ruler below to your ruler. Lay your ruler over this printed ruler. They should match up exactly in order to use this ring size chart properly.

## Determining Your Ring Size...

Place a ring that fits you on the circles above. For proper fit make sure that the black circle is visible within your ring. That will be your ring size. To double-check, place your ring on the next larger size and you should not see the entire black circle.
